Mr Ted Lehmann
Marketing Director
Lehmann Pacific Solar

Dear Ted

I would like to take this opportunity to express to you and your company our thanks in the manner in which Lehmann Pacific Solar conducted the recent SkyCool treatment of our facility.

Your companies conduct and commitment to service throughout the process of the treatment was both outstanding and truly professional.

Over the past eight months since the treatment has been completed we have seen a definite reduction in the heat load of our building, and this has transferred itself into much welcome monetary savings.

Your commitment to the safe processes involved in the delivery of the application and subsequent follow-up visits were also much appreciated.

I would like to congratulate your company on the development, marketing and application of this unique product.

Yours Sincerely

Greg Pickering
