2012 Australian Clean Technologies Competition
Investment Showcase & Gala Dinner
4TH October 2012

The Australian Clean Technologies Competition is shining a light on Australian innovators taking advantage of business opportunities to reduce energy and resource consumption through unique ideas.

The 2012 competition received over 10,000 entries from innovative Australian companies tackling issues including pollution, energy efficiency, renewable energies, green buildings, smart electricity grids and new transportation systems. The 30 Semi Finalists have received two months of intensive mentoring.

Investment Showcase,
Melbourne Exhibition Centre - 9am-5:30pm

More than 20 of the Semi Finalists will present their cleantech solutions to local and international investors and those wanting to see the latest Australian innovations. This will be mixed with international presenters providing overviews of global cleantech trends.

The Semi Finalists’ products and services will also be on display as part of the Future Build exhibition being held at the Melbourne Exhibition Centre from 2-4 October 2012. See www.futurebuild.net.au

Gala Dinner, Melbourne Aquarium - 7:00pm-12:00am

The dinner is an opportunity to network with the cleantech community and to see the country’s best cleantech ideas. The dinner will feature:

- **MC: James O’Loghlin, Host of the New Inventors.**
- **Parliamentary Secretary for Industry and Innovation, Mark Dreyfus announcing the 2012 Australian Winner.**
- **A Keynote Address from China’s Leading Cleantech VC Investor.**
- **The Seven Competition Finalists presenting their businesses:**
  - Advanced Plant Nutrition
  - Aeratron
  - enLighten Australia
  - TropiGlas
  - Biofiba
  - SkyCool
  - VR TEK Global

The 2012 Competition Winner will represent Australia at the Global Cleantech Competition in the US in November. All Australian Finalists will be invited to attend this event for a week of mentoring and meetings with international investors.
